TROOPS ORDERED TO MARION IN BOOZE WAR

THREE COMPANIES OF STATE GUARDS WILL KEEP PEACE

Trouble is Result of Recent Raids Made in
War on Liquor Law Violators Which Were
Participated in by Members of the Klan—
Over Two Hundred Have Been Arrested

MARION, Ill., Jan. 8. (AP)—With three companies of National Guard here tonight, everything was quiet. The troops were sent at the request of Sheriff George Harrigan, who advised Adjutant General Black, in a telegram, that he feared rioting might break out as a result on the "bootleggers war."

In three series of raids in less than three weeks, the last of which was last night, when a score of men were arrested, 212 persons have been arrested for alleged violation of the dry law. The raids have been conducted by federal agents assisted by hundreds of deputized citizens, many of whom openly admit membership in the Ku Klux Klan. A counter organization to the Klan, known as the Knights of the Flaming Circle, sprung up six months ago shortly after Klan organizers appeared in Williamson county.

Unknown to Sheriff Harrigan, the raids have been conducted about the knowledge of Sheriff Harrigan, who is ill explained he requested troops merely as a precaution.

Deputy Sheriff John Layman, however, stated the call for troops was because the actions of the raiders had "assumed the proportions of mob violence."

Then trouble was feared it was said, over the trial of S. Glenn Young, dry worker which began in justice court today. Young is charged with assault. He appeared in court today with a large assemblage of friends, who carried two machine guns "for protection." Young is al-

leged to have struck Paul Cordeiro over the head with a revolver two weeks ago in an argument over the dry raids.

There has been considerable activity in dry raids in Williamson county, scene of the Herrin mine killings, since last fall. In October, prohibition agents from East St. Louis swooped down on the county and raided a number of stills. They started for the barn of Otis Clark, one of the defendants acquitted in the Herrin killings, but the barn was burned before they arrived.

136 Arrested

On December 22, just before the holidays, 136 persons were arrested in a series of raids, in which members of the Klan participated. Four persons were shot. Clark was one of those arrested. These raids followed a trip of a number of citizens to Washington where a demand was made that the country be "cleaned up."

The places raided included resorts, gasoline filling stations, private homes and soft drink parlors. All liquor found was confiscated as was gambling paraphernalia found in some of the resorts.

No sooner had the raiders retired to their homes, than a number of the resorts re-opened. In front of one of the resorts more than 100 automobiles were counted by a newspaperman two days after the wholesale raids.

Last Saturday night 56 persons were arrested in raids and one resort was burned.

One resort also was burned in last night's raids.

PROMINENT MAN OF SPRINGFIELD ENDS OWN LIFE

E. B. Conover, Former Grain Dealer,
Turns Gun on Self

SPRINGFIELD, Ill., Jan. 9.—E. B. Conover of this city, formerly a member of the Chicago Board of Trade died of self-inflicted gun shot wounds at 9 o'clock this morning. He shot himself in his office here at 7:30 o'clock and did not regain consciousness.

Chicago, Jan. 8.—E. B. Conover, who committed suicide today was thrown into bankruptcy three years ago and his friends say has been in straightened circumstances since.

The fall in grain prices in 1921 was attributed in part to spectacular dealings that led to his failure with defalcations estimated at nearly \$400,000. His seat in the Chicago board of trade was taken from him.

Mr. Conover made every effort to recoup his finances to meet obligations. He pledged all his assets, including stock in another company, a 522 acre farm, a chain of grain elevators and his homes in Springfield and Peoria.

DOORS ARE CLOSED
ON ALLENVILLE BANK

SPRINGFIELD, Ill., Jan. 8. (AP)—Doors of the Peoples' State Bank of Alleenville, Moultrie county, were closed today by order of the state auditor of public accounts, due to inability of the bank to meet withdrawals according to Andrew Russell, state auditor. The bank was very closely affiliated with the State Trust and Savings Bank of Mattoon, which was recently closed.

The Alleenville bank was capitalized at \$10,000, had deposits of \$26,000 and total assets of \$47,000, according to the auditor. The assets of the bank are now in the hands of the auditor of public accounts.

I. C. C. HEARS MANY PLANS AT RAILROAD CONSOLIDATION MEET

Most Arguments Presented
Are Strongly Against
Merger

WASHINGTON, Jan. 8.—Widely divergent views on railroad consolidation proposals were argued before the interstate commerce commission today at hearings devoted to final arguments on the merger plan by representatives of railroads, communities and interests affected.

H. T. Newcomb, counsel for the Delaware & Hudson broke new ground in the proceedings by attacking the entire theory and method of the consolidation proposals while W. A. Colston, vice-president of the Nickel Plate asked the commission to do nothing in its consolidation steps which would prevent that railroad and associate and neighboring systems from proceeding with even wider amalgamation projects than have yet been attempted.

Mr. Newcomb declared that there was no likelihood that a forced merger of strong with weak railroads would give better public service or a stronger financial structure for transportation.

The commerce commission, he contended by tentatively suggesting creation of 18 or 20 merger corporations to take in all existing mainline railroads had far exceeded the spirit and purpose of the Esch-Cummins law. He asked it to refrain from taking any steps in the plan which might imply future danger to the Delaware & Hudson.

The arguments tomorrow are expected to deal with New England railroad conditions and in the latter part of the week with Western and Southern railroads.

PEKIN DEATH LIST
REACHES NINETEEN

PEORIA, Ill., Jan. 8.—The list of known dead in the Pekin starch plant disaster mounted to 19 tonight when two victims died in a Pekin hospital and another body was removed from the ruins. The body of Otto Lohnes was taken from the wreckage and Tony Keres and Homer Bullock died at the hospital. It is expected more bodies will be recovered tomorrow.

DISCRIMINATION IS CLAIMED BY FARM EXCHANGE

Decision Lost by Minneapolis Chamber
of Commerce

WASHINGTON, Jan. 8.—A federal trade commission decision handed down today found the Minneapolis Chamber of Commerce, said to be the largest organized grain exchange in the United States, guilty of unfair competition against a farmers' cooperative grain marketing organization, and ordered it to desist.

The Equity Co-operative Exchange, at St. Paul, Minn., the farmers' organization concerned, was refused business connection with the Minneapolis Market and Quotation Service from that market, the commission asserted, because it returned the earnings from its business to members in the form of "patronage dividends."

Commissioners Gaskill and Van Fleet dissented from the majority position taken by the trade commission.

The St. Paul Grain Exchange, an organization to which the Equity Exchange belonged, was likewise said to have been unfairly dealt with by the Minneapolis marketing group, and the commission's order was extended to forbid continuation of alleged discrimination against it. Officers, directors and members of the Minneapolis Chamber, the Manager Publishing Company, which prints a grain trade paper called the "Cooperative Manager and Farmer" and editors of that periodical were named in the commission order and finding.

"By means of boycott and threats of boycott the Minneapolis chamber and members thereof conspired and agreed among themselves and with others to induce its members and others to refuse to buy from, sell to, or otherwise deal with the Equity Co-operative Exchange or the members of the St. Paul Exchange," the decision said. "The respondents for more than ten years past have been engaged in an agreement and conspiracy to annoy, embarrass and destroy the business of the said Equity Exchange, its stockholders and the St. Paul Exchange and others."

"These activities on the part of the chamber and its officers secured and retained for them a monopoly of the grain trade at Minneapolis and within a hundred miles thereof, and unduly restrained and hindered competition in interstate commerce."

The chamber is ordered by the commission to refrain from compelling its members to avoid dealings with the Equity organization and its members.

TESTIMONY TAKEN IN STEEL RATE CASE

PITTSBURGH, Jan. 8. (AP)—Twenty seven percent of the freight traffic in the United States either is created in the Pittsburgh district or passes thru here, F. A. Ogden, traffic manager of the Jones and Laughlin Steel corporation, testified today at the Interstate Commerce Commission hearing into the complaint by Pittsburgh iron and steel manufacturers of discrimination in freight rate classification.

Munitions Embargo On Mexico Is Tightened

WASHINGTON, Jan. 8. (AP)—Steps toward making rigidly effective the Coolidge arms embargo directed against the de la Huerta faction in Mexico went forward rapidly today. The treasury forwarded instructions to customs officers and prohibition enforcement agents to enforce vigilantly all laws and regulations under which business across the border is transacted, while upon request of the state department the American Railway association thru its car service division, declared a freight embargo against shipment of arms and other war equipment to Mexico unless approved by a United States government agency.

The embargo order was forwarded at once by the association to its members in the United States among whom are all of the major railroads of the country and is to become effective immediately.

The treasury, in addition to telegraphing explicit directions border points also notified all port authorities to hold exports of arms or other munitions destined for the Mexican rebel forces. The action was preliminary to the drafting of regulations to carry out formally the terms of the embargo proclamation issued yesterday by President Coolidge.

The action looking to an effective tightening of the lines along the border and at American ports was still another move on the part of the Washington administration in its progressively developing policy of giving aid to the Obregon government of Mexico by selling it war equipment and at the same time preventing, insofar as legally possible, munitions from reaching the de la Huerta forces.

The administration policy with reference to Mexico, however, did not escape criticism from American sources, during the days the arms embargo assailed from Democratic quarter in the senate. Senator Robinson of Arkansas, the Democratic leader, presented a bill which would prohibit the sale of munitions to foreign governments either by the United States government or a private American citizen.

The treasury acted today to border points also notified all formal notice from the state department of the white house embargo proclamation as a result of reports from its agents that they have been having more trouble in recent weeks with border smuggling. In the opinion of the agents the increased difficulties have been due in a measure at least to the political disturbance in Mexico.

As a result of the conditions the customs and prohibition agents have been ordered to make more thorough inspections of all consignments, either inbound or outbound. The increased effort is expected to lead to a curbing not only of arms and munitions shipments but to the movement of other contraband such as liquor and narcotics as well.

WITNESSES TESTIFY POISON HOOCH WAS BOUGHT OF TOKOLY

Believed That Druggist, Also Indicted, Will Aid State

TAYLORVILLE, Ill., Jan. 8.—D. M. Clark, the state's first witness in the Pana poison liquor trials told a jury here today that the liquor which made him "partially blind" and which is alleged to have caused the deaths of several other Pana citizens was "purchased from John Tokoly" indicted for murder in connection with the deaths.

W. H. Mull, father-in-law of George Baldwin who died from the effects of the liquor, Deputy Sheriff J. B. Kearns and E. R. Darling, instructor of chemistry at Millikin University were other witnesses who testified in the afternoon the latter witness telling of his analysis of the liquor.

State's Attorney E. E. Dowell told the jury that the prosecution will introduce a witness to the transaction in which Tokoly is alleged to have secured the wood alcohol. It is said by those in touch with the prosecution's case that Robert A. Smith, chemist and former druggist who is alleged to have sold the alcohol, and indicted with Tokoly, may take the stand for the state.

STATE JOURNAL PLANT DAMAGED BY FIRE

SPRINGFIELD, Ill., Jan. 8.—Fire of unknown origin caused damages amounting to \$60,000 to the plant of the Illinois State Journal here tonight. The alarm was given by Otto Krantz, an employee who discovered the blaze in the job press room. One can of gasoline and a can of kerosene was taken from the room by Krantz who was severely burned in his efforts to prevent an explosion.

FARM BILLS ARE CONSIDERED BY HOUSE MEMBERS

Grain Futures and
Grazing Receive
Attention

WASHINGTON, Jan. 8.—The farmer received a major share of attention in congress today, relief measures being considered both in committees and on the floor of the senate and house while the department of agriculture also took a hand in the legislative situation.

The senate adopted the Ladd resolution directing Secretary Wallace to determine thru the grain futures administration the position taken on the wheat market by the "well known professional speculators and members of the large 'futures' commission houses of the Chicago Board of Trade."

Legislation aimed to aid the wheat growers was considered in both the senate and house agriculture committees and was the center of debate on the floor of the house, special attention being given to the Norris-Sinclair bill proposing a \$100,000,000 corporation to buy and sell American farm products both at home and abroad.

Co-ordinating grazing on all state and national public lands was proposed by Secretary Wallace at a conference with western senators and representatives as a step to improve conditions in stock raising. He suggested legislation to permit, under certain conditions addition to the national forests of contiguous unreserved public lands chiefly valuable for grazing livestock. The secretary said there should be no increase in grazing fees until the industry warrants.

Representative Leavitt, Republican, Montana, told the house of losses suffered by the wheat growers of northwestern states and proposed an export corporation to dispose of surplus crops.

Representatives of the Wheat Growers appeared before the two agricultural committees advocating favorable action on the Norris-Sinclair bill and relating financial troubles encountered by farmers in their sections.

Continuation of the present surtax rates on incomes and restoration of the excess profits tax was urged by a delegation of farm organization representatives at a special hearing before the house ways and means committee. The speakers included Herbert F. Baker, president of the Farmers' National Council and W. W. Fitzwater of the Farmer-Labor Union of America.

FARMERS OF M-HENRY COUNTY STAND PAT

WAUKEGAN, Ill., Jan. 8.—About 300 milk producers of Lake county and others from McHenry county held a meeting in the Waukegan village hall today and voted to stand on their demand for \$2.75 a hundred pounds for milk, a price big distributors have refused to pay.

No milk is being shipped to Chicago from Waukegan, Barrington, Leighton, or Prairieview.

Orr Brothers bottling plant at Libertyville was picketed today by a dozen farmers and all milk deliveries there were halted.

USED MAILS IN
BASEBALL POOL

Cincinnati, O., Jan. 8.—The United States circuit court of appeals here today affirmed the sentence of 15 months in the penitentiary at Leavenworth, Kan., and a fine of \$3,500 imposed on J. L. MacDaniel of Indianapolis for sending lottery tickets on baseball games thru the mails. MacDaniel was found guilty and sentenced by Judge John E. Sater at Dayton, Ohio.

CONSIDERATION OF SOLDIER BONUS IS NOW CHIEF ISSUE

Republican Leaders and President Prefer
Postponement Until After Settlement of
Tax Proposition—House Ex-Service Men
Insistent Immediate Attention be Given

WASHINGTON, Jan. 8. (AP)—Confidence was expressed today by Republican leaders of the house that they would be able to press a tax reduction bill to a vote before action is had on the soldiers' bonus.

Opposed to giving priority to the bonus—a question expected to come from a showdown at a conference of house Republicans Thursday night—Representative Longworth, the majority leader, notified the group of former service men who are demanding a vote on adjusted compensation ahead of tax legislation that no effort would be made to dodge the issue.

For an hour Mr. Longworth was in conference with Representatives Johnson of South Dakota, Fish of New York and Andrew of Massachusetts, who were active in having the conference called. He told them that "we have you beaten and will show you Thursday night."

The discussion was had after it had been announced at the white house that President Coolidge was in hearty support of plans to give tax legislation right of way over the bonus. At the same time, a white house spokesman, in discussing the tax situation said the president considered that the surtax schedule carried in the Garner Democratic substitute for the Mellon bill would tend to discourage the investment of capital in business enterprises rather than in tax exempt securities.

The opposition of organization leaders to its program failed to alter the plans of the Republican.

MORRIS & CO. CLAIM NO NOTES WERE SOLD BY THEM TO CURTIS

Swift & Co. Will Next Appear in Case Against Small

CHICAGO, Jan. 8.—Denial that Morris & Co., Chicago packers, ever sold notes to the Grant Park Trust & Savings bank, or Edward C. Curtis, was made today by H. W. Timmons, vice president and treasurer of the concern, in testimony before Master in Chancery Harry A. Riley in the civil proceedings against Governor Small.

Called to the witness stand by Assistant Attorney General Chas. Hadley, who is conducting the examination in behalf of Attorney General Brundage, Mr. Timmons said he could find no record of any of its officers in the vaults of the packing company.

The civil action against the governor seeks to recover interest on state funds alleged to have been withheld from the treasury during Governor Small's term as state treasurer in 1917-19.

Officials of Swift & Co., are scheduled to appear tomorrow to tell of transactions with the Grant Park bank in which state funds are said to have been indirectly involved.

The second degree was conferred last night on several candidates at their regular meeting of Illini Lodge No. 4 L. O. O. F. There was a good attendance and much interest in the work of the order was shown by all present. The degree staff put on the work in excellent shape.

At the next meeting the lodge will confer the third degree on a number of candidates. The new officers were at their stations last night.

CALL RESERVES OUT IN CHICAGO FOR LABOR RIOT

Fear Iron Workers
May Make Further
Trouble

CHICAGO, Jan. 8.—Fearing that the gun play of labor factions which last night resulted in the death of one man, seriously wounding of another, more than 60 police reserves today were sent out on special duty to stifle any attempts at reopening a labor war in Chicago.

The description of the man believed to have shot and killed John Gilmore, the victims of last night's battle was flashed to every station in the city and the entire force told to watch for such a man.

The inquest into Gilmore's death resulted in little new information. All witnesses most of whom were members of the Structural Iron Workers' Union in whose hall the shooting occurred were released, their evidence being contradictory to theories of police.

Gilmore was killed when he and John Dunne, agent of the union recently defeated at an election, went to the hall and started to enter. Witnesses declared they were shot after door-men searched them for weapons and they opened fire on the door-men. The men then fled, inquest witnesses said, but police believe they returned to the hall.

State's Attorney Crowe declared tonight he had ordered an investigation of the shooting.

A THOUGHT

Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day; nor for the pestilence that walketh in darkness; nor for the destruction that wasteth at noonday.—Ps. 91:5, 6.
The only inheritance I have received from my ancestors is a soul incapable of fear.—Julian.

The C. P. & St. L. was out of business a day or two because its engines were condemned by inspectors. But the road management has been able to lease engines from other roads and business is going on as usual. At any rate, this indicates that the C. P. & St. L. still has some credit.

The Dunning asylum fire inquiry will have served a purpose if it results in betterment at state institutions where the helpless wards of the state are housed. There are without doubt buildings at some of the older institutions where betterments must be made to make them safe. In the effort for economy sometimes there is a failure to provide all the improvements that are really needed.

The charter of the citizens' water committee gives assurance that co-operating with the water committee of the city council the most feasible plan for water extension improvement will be adopted. It is necessary that there be prompt action and a general study of the situation if the question of issuing bonds for the proposed improvements is submitted to the people at the April election.

Sheriff Galligan of Williamson county seems at least to be a man who profits by experience. The sheriff asked for state militia to be sent into his county as the result of the clash between federal prohibition officers and private citizens favoring law enforcement on the one hand and the liquor violators on the other. If a like call had been sent at the time of the mine rioting a year ago the disgrace of Williamson county might not have been written in blood.

W. R. McCauley, former commander of the American Legion in Illinois, is a prospective candidate for the Republican nomination for lieutenant governor. Mr. McCauley is a man of very high standing and recognized ability. His war time record will also be an asset if he finally determines to enter the primary race.

The Mound Woman's club, co-operating with the chamber of commerce, is fostering a plan to increase the knowledge of Morgan county history. Prizes are to be offered pupils in the public schools for essays on various subjects relating to county affairs. Every resident in the county can take just pride in many community facts and the proposal to give emphasis to some of the more important facts in history and to point to present day accomplishments is well worth while.

The American Peace Award plan was not received with great enthusiasm by either Republicans or Democrats in the senate. Certainly no harm can come from a public expression upon the merits of the plan proposed, even if Mr. Bok, originator of the peace award idea, does get a considerable amount of personal advertising.

Thus far it has been shown conclusively that Secretary Mellon is prepared to answer objections which are made to his plan of tax reduction. When the secretary answers questions or criticism

he does not use oratory or sarcasm, just plain cold facts and the proof.
A Jacksonville banker who doesn't agree with all of Mr. Mellon's political beliefs recently referred to him as the greatest secretary of the treasury that the country has ever known.

TIPS FOR TAXPAYERS

Salaries persons and wage earners form by far the largest class of taxpayers. In their interests, Form 1040A heretofore used for filing returns of net income of \$5,000 and less from whatever source derived, this year is used for reporting net income of not more than \$5,000 derived chiefly from salaries and wages.

Compensation in any form for personal service rendered is subject to the income tax. This includes salaries, wages, fees, commissions, bonuses and pensions, and tips. Salaries paid by a State or political subdivision thereof to its employees are not taxable, the reason being that the Federal Government does not tax the instrumentalities of the State.

The exemption does not apply to salaries paid by the Federal Government except that a Federal income tax may not be levied on the salaries of the President of the United States or the Federal judges which would diminish the salaries that were in effect at the time they took office. This provision does not exempt from taxation the salary of the President of the United States or Federal judges. The meaning is that if Congress, after the President or a Federal judge has taken office, should increase the rates of taxation, such increase would not apply to the salaries payable at the time the oath was taken.

Fees received by a notary public commissioned by a State are not taxable nor are fees paid jurors by a State. Witnesses in lawsuits, even though summoned by a State's attorney, are not considered employees of a State, and fees received by them are subject to taxation.

CARLINVILLE CHURCH HAS A NEW PASTOR

Rev. V. H. VanHorn of Omaha, Neb., fills Pulpit Made Vacant by Death of Late W. S. Phillips

The pulpit of the Carlinville Methodist church, left vacant by the death of Rev. W. S. Phillips, pastor of that church for several years, will be filled by Rev. Vincent H. VanHorn, of Omaha, Neb., who will take up his work in Carlinville the first Sunday in February.

Rev. VanHorn goes to that city highly recommended. He is a graduate of the State Normal university of Pennsylvania; of the Teachers' college at Albany, N. Y., and of the Theological Seminary at Drew. From an educational standpoint, he ranks with the best qualified men of the Illinois Conference.

Rev. Arthur S. Chapman of this city, superintendent of the Jacksonville district, assisted by Bishop Stuntz and Bishop Nicholson were influential in making this appointment of the Carlinville church. Bishop Nicholson says in regard to Rev. VanHorn: "He is strong as an organizer, a pastor, and is a good all around man."

SAVINGS & LOAN BODY HAD ANNUAL MEETING

Local Association Held Yearly Session of Stockholders Last Night — Secretary Submits Report.

The annual stockholders meeting of the Jacksonville Savings and Loan Association was held in the rooms of the Chamber of Commerce Tuesday evening.

J. O. Applebee, Secretary read his annual report, showing the association in a very flourishing condition. There were 786 shares of stock issued in the year 1923, bringing the number of shares in force at the close of business on December 31, 1923, to the total 2421. Since January 1st of this year 337 shares have been issued in the 15th series, which is a great record for one week.

The association has \$72,500 loaned out on property in Jacksonville, which has been a great help in securing homes for the borrowers.

The regular semi-annual dividend of four percent was declared and credited to the stockholders. Since the organization there has been distributed to the stockholders more than \$11,000 in dividends. In addition to the regular dividends, the association has accumulated a substantial surplus.

At the meeting held Tuesday evening, three directors were elected for three years. Those elected were J. O. Applebee, Abe Wehl and A. B. Applebee. After the close of the stockholders' meeting the board of directors held a meeting and elected the following officers: President—A. B. Applebee. Vice President—A. C. Metcalf. Secretary—J. O. Applebee. Treasurer—Charles E. Williamson.

Several loans were approved and plans made for making 1924 the best year that the Jacksonville Savings and Loan Association has ever had.

CASE COMMITTEE OF S. S. L. MEETS
The Case committee of the Social Service League held its regular meeting Monday afternoon at 4:00 o'clock, in the Chamber of Commerce rooms. Mrs. Walter Bellatti, vice-president of the committee, occupied the chair, in the absence of the president Mrs. Garm Norbury.

The subject of discussion concerned the causes of poverty, and the low mentality of the mother of the family was pointed out as one of the inherent reasons for poverty.

S. Prescott Wright, of Springfield, home members of the Visitation Division, Children's department of Public Welfare, was in Jacksonville Monday and was in conference with Miss Viers of the local Social Service League, in the interest of certain children in the lower part of the county, who are under the League's supervision.

RALPH DUNLAP NOW AVER'S BANK OFFICER

The stockholders of the Avers National bank at their meeting held Tuesday added Ralph I. Dunlap to the directorate of the bank. Subsequently at a meeting of the board of directors, Mr. Dunlap was chosen an assistant cashier. Excepting for the period in which he served as postmaster Mr. Dunlap has been identified with the banking business since leaving college and his election and appointment yesterday came as a merited advancement.

NOTICE

There will be a meeting of the Class of 1923 at 4:30 P. M. today at the high school.

BUSINESS OUTLOOK IS EXCELLENT

So Thinks James Alexander After Frequent Trips to Eastern Money Center, New York City

James Alexander, a vice president of the Central Trust Co., of Chicago, has ended a brief visit here with his mother, Mrs. Clara G. Alexander. The department of the banking business in which Mr. Alexander is engaged takes him to New York City very frequently and he is unusually well informed on financial matters.

Mr. Alexander said yesterday that the business outlook is excellent and that the financial interests believe that the year will be satisfactory. "Manufacturing production," Mr. Alexander said, "slowed down in the last half of 1923 to something like a normal level. This was for the good of business and over-production did not result which would have been true if the high pressure of the early part of 1923 had been continued."

"I find from observation and from conversation with bankers in the east that there is full confidence in the present national administration. If the Mellon tax reduction plan is approved and no bonus legislation passed, there is every reason to expect business to continue in healthy tone."

"The steel industry is in satisfactory shape and there has been marked improvement in the oil industry in the last five or six weeks. Deporable conditions existed in this industry for a time. This situation has been righted partially by the action of the producers in the mid-continent field, and also by the slowing up of production in the spectacular California field."

"The general condition of the coal industry is not good but in practically all other industrial lines business is on a satisfactory basis. While the farmer has not attained everything that he desires, certainly the farm conditions now are very much improved by comparison with a year or two ago."

FORMER RESIDENT MARRIES IN TEXAS

The local friends of Miss Frances Oppenheimer of El Paso, Texas, will be interested in learning of her marriage which was solemnized recently in El Paso. The bride and her mother were here a few weeks since and were guests at the home of Mr. and Mrs. Edward LaBoiteux on East State street.

The following account of the wedding appeared in a recent issue of the Fort Worth State Telegram of Fort Worth, Texas: "A very pretty wedding of the week was solemnized at the home of Mr. and Mrs. A. L. Shuman on Cooper street, Tuesday at 7 P. M. when Miss Frances Oppenheimer of El Paso and Captain John A. Hepler of El Paso were married by Rev. E. H. Eckel. The home was attractive in decorations and cut flowers and ferns, large vases of pink roses being used in profusion. Immediately after the ceremony Captain and Mrs. Hepler left for San Antonio for a short stay before returning to El Paso to make their home."

Mr. and Mrs. Charles Stevens of Little Indian spent Tuesday in Jacksonville.

MISSIONARIES GIVEN TOUCHING FAREWELL

The following item from the current issue of the Northwestern Christian Advocate will be of interest to many Jacksonville people, as it concerns Miss Kate Blackburn, who spent so many years of her life in the mission work in Bulgaria. The article is written by Miss Florence Reeves, who is now a member of the faculty in the school where Miss Blackburn labored in the foreign field. The article follows:

Miss Blackburn and Miss Davis have gone! And we come back to a lonesome empty house! Their going was both an occasion for gladness and sadness—for gladness because of the people of the city and the school showed how much they loved them and how their lives have been counted, even though they did their work little by little, in a very unassuming way. And you can readily imagine it was a time of sadness for many of our teachers who have been students in the school, and to whom Miss Blackburn and Miss Davis have been like mothers. Our cook and other servants have been here a long time and it nearly broke their hearts to have them leave. And the girls—every girl in the school loves them dearly, and all were so sorry to have them go. How my heart goes out to each one, but you see I can't talk enough in Bulgarian to tell them so! And lastly we three new missionaries who are young in the work and will make many mistakes without their counsel and guidance found it a time of sadness.

Saturday morning began with a sort of undertow which one could feel but not see. After a busy day we had an early supper. Then the big dining room was quickly cleared and one end converted into a stage, while chairs were provided for the audience. The students presented most of the program—the girls' chorus, speeches, music and lastly a play depicting a scene in a Bulgarian village, all so beautifully done that I longed to draw back a magic curtain and let you in America steal quietly into our company. After all this, the faculty sat down to an intimate little family "tea" in honor of the ladies. It was indeed a delightful evening together.

Sunday night it was the privilege of the city to voice its love for the women who had worked so many years among its people. Long before time for the program the church was packed and the people were sitting in the aisles or anywhere else they

could find a tiny bit of space, and our girls' chorus and twenty-piece orchestra were in readiness. As Miss Blackburn and Miss Davis entered the church the orchestra played "America." At the close of an address by the mayor of the city two men made their way thru the crowded aisles, each bearing a big tray filled with gifts. Then a professor and one of the leading women of the city spoke appreciatively and the chorus rendered fine music. When the service closed, everyone came to shake hands with the ladies and bring them gifts of flowers. As we came out of the church we found the crowd had grown and grown until it overflowed the church yard and up and down the street in all directions—loving friends who in their eagerness to see and hear what was going on had found for themselves piles of wood or squashes on which to stand.

We were all up early Monday morning, helping in any little way we could. We took some fine pictures of the ladies surrounded with all their gifts of flowers. Dinner was served at eleven o'clock and immediately after that leaving the dishes on the table, the entire school started out on the road over which Miss Blackburn and Miss Davis would pass on their way to the railway station eighteen miles away, that they might bid them good-by in the true Bulgarian fashion. About 12 o'clock the ladies started in their carriage, many church friends heaping the flowers about them with loving hands, and farewells were bravely spoken, even though these Lovetch friends were in a flood of tears. As they drove thru the streets, here and there an old woman or child came hastily up to the carriage to give them a flower or receive one last word of help. Many people were standing along the streets and running quickly from corner to corner to catch one more glimpse of the carriage. Perhaps two miles out they overtook the students and teachers and the carriage stopped. First the teachers stepped up on the steps of the carriage—one on each side—and kissed them good-by, we three missionaries said good-by. The girls' chorus went a little farther ahead and sang "Till we meet again" in Bulgarian and each one tossed a flower into the carriage as it passed. We all stood and waved our handkerchiefs until they were lost to sight by a bend in the road. It was a very subdued crowd that wound its way slowly back to the school feeling just a little less the world were about to come to an end, but resolving in their hearts that as these dear women had lived lives that have been shining examples to all Bulgaria, they too, would live the best they could in memory of what Miss Blackburn and Miss Davis had given so freely to all.

And now we are alone with all the responsibility. Won't you all pray that we may do our work as well as these women who have gone did theirs? We need your prayers.

Yours in His service,
Florence Reeves,
Lovetch, Bulgaria, Nov. '23.

PIKE'S PEAK ROUTE TO WEST CHANGED

Applan Way Tells About Big Improvement Made—Morgan County Road Pictures Shown.

The Applan Way, the official organ of Pike's Peak Ocean to Ocean association, this month has a page of pictures showing the hard road work being done west of Jacksonville. The pictures were taken by T. M. Tomlinson, who is an officer of the highway association, and he secured their publication in the magazine. A fine bit of publicity was thus secured for the county.

The publication also gives nearly a page to an explanation of a route change in Illinois, which eliminates one of the worst stretches on the route and replaces it with a hard surface road.

In explaining this change the Applan Way gives these paragraphs: "The advisory board of the Pike's Peak Ocean to Ocean Highway Association has just announced a change in the route on the highway through the state of Illinois that will be welcomed by every tourist that has used the red and white trail through the Sucker state within the past three years.

The change from the old route will start at Barry, near the west line of the state, and will go south, passing through Pittsfield and Winchester, and returning again to the old route of the highway, just west of Jacksonville. This means a hard-surfaced road from Jacksonville to Barry.

"The new highway between Jacksonville and Barry is of concrete, the popular type of construction for hard-surfaced roads in Illinois and other Middle-Western states. The change is over a distance of about fifty miles but its chief importance is the fact that it cuts out one of the worst stretches of road on the Pike's Peak highway and replaces it with a road that is not only a wonder but one that is delightful to a tourist standpoint.

"The new stretch of road, as was true on the old has a ferry across the Illinois river. This is an excellent ferry, and service is good. Also the arrangement for taking on and discharging motor cars from the ferry is far improving over the one on the old route. It is planned to have a bridge built over this river soon, and the state and county highway organizations are waiting only to see if the traffic demand for the bridge is great enough to warrant that expenditure.

With the Pike's Peak marks along this stretch of road next year, it is safe to say that the bridge construction is not far off.

"The scenery through this part of Illinois is excellent. In a region near the Illinois river some of the scenery rivals that of the West or Pennsylvania. Anyway, from the river the land is for the most part the rolling farmland of the Middle West."

NO SETTLEMENT NEAR IN MILK DISPUTE IS ANNOUNCEMENT GIVEN

Producers Decide to Stand
Pat for Increase
Asked

CHICAGO, Jan. 8.—Hope of immediate settlement of the dispute between milk producers and distributors in the Chicago territory which has resulted in producers refusing to deliver milk to dealers failing to meet their price demands, was dispelled tonight by Frank T. Holt, president of the Producers' association. He

sent a message to Frank H. Kullman, spokesman for the dealers, in which he declared the farmers are still holding out for \$2.75 a hundred pounds for milk for a six months' period. The dealers offer \$2.60. At the request of the dealers Mr. Holt said, the dealers' proposition was again laid before the farmers today but the producers expressed their intention of remaining obdurate.

Mr. Kullman said \$2.60 is more than is being paid anywhere else in the district and higher than the price paid producers in Wisconsin, Detroit, Philadelphia, Cleveland or New York.

"To submit this matter to arbitration," Mr. Kullman said, "and accept a price higher than

we are offering is not fair to the public. This is the eighth day of the strike and there has been no noticeable shortage of milk." Producers asserted that an additional 100,000 quarts of milk had been withheld today.

THE DAY IN WASHINGTON

(By The Associated Press.)
The British embassy asked for information regarding recent seizure of British liquor ships outside the three mile limit.

House Republican leaders expressed confidence that they could press to a vote tax legislation before action on a soldiers' bonus.

The senate passed a bill to create a bureau of civil aeronautics in the commerce department.

Senator Copeland, Democrat, New York, told the senate Secretary Mellon was trying to sandbag the bonus by appealing to the country's pocketbook.

The senate adopted a resolution designed to make public the position in the market of wheat speculators and commission firms dealing in futures.

Decision was reached by the senate elections committee to bring from Texas ballots in the contested election of Senator Mayfield, Democrat.

Senator McCormick, Republican, Illinois, denounced the Bok peace plan and Elihu Root, chairman of the committee of awards in a speech in the senate.

Both senate and house agricultural committees took up the question of farm legislation and Secretary Wallace conferred with western senators and representatives on the subject of grazing lands.

A railroad embargo was placed against the shipment of war munitions to Mexico while treasury agents at border points and ports were ordered to prevent illegal shipments to the rebels.

CONSIDERATION OF SOLDIER BONUS IS NOW CHIEF ISSUE

(Continued from Page 1)
was in accord with the administration tax program said he and other party leaders had not been consulted as to the feasibility of holding Thursday night's conference.

Today's meeting with the three former service men was at their suggestion, he said, adding that there was no doubt in his mind that the country was demanding action on tax reduction ahead of the bonus.

At Thursday night's conference Mr. Longworth will propose that the ways and means committee be instructed to complete consideration of all features of the tax bill report it and then determine whether passage of a bonus bill should be recommended. He declared today that once reported the tax bill would be given priority on the house legislative program.

He made the prediction that, having instructions to take action on the bonus bill the committee would have the revenue measure ready for the house by Feb. 1, or shortly afterwards.

The ways and means committee is considering the tax bill under an agreement to pass first on its administrative features, which are now under discussion then to reach a decision as to a report of the bonus and finally to take up proposed revision of tax rates. Some members of the committee have indicated a willingness to divide the tax bill into two measures—one containing purely administrative provisions and the other rate changes—and to report them separately with the bonus bill sandwiched in between a program which Mr. Longworth opposes.

A Test for Rest—

AFTER the sleepless night, and you wonder about the cause, has it ever occurred to you that it may be caffeine, the drug in coffee, that keeps you awake?

Suppose you try Postum as your mealtime beverage, for at least ten days—

Put it to the test!

At your first sip of Postum, you will understand why, by many, it is preferred equally for its delicious flavor and for its wholesomeness.

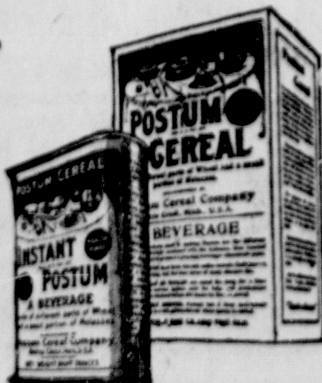

Postum is absolutely free from the coffee drug, caffeine, or anything that can cause restless nights or uncomfortable days.

Sold by grocers everywhere!

Postum for Health

"There's a Reason"

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

Mrs. Annie E. Smith was the leader of the afternoon, and following the devotional services, she was in charge of a discussion of the subject, "Mormon Missionaries."

Loyal Woman's Class in Annual Meeting

The financial report for the year 1923 of the Loyal Woman's class of Central Christian church, read at their meeting Monday night, gave evidence of their progressive activities during the year, and their community interest. The report was as follows:

Total amount raised during the year	\$388.85
To Eureka College	50.00
Endowment Fund	50.00
Endowment Fund	50.00
Paid on church deficit	25.00
Contributed to Pavement fund	25.00
To Social Service League	20.00
To Boy's Fund in the church	12.00

The remainder of the money, with the exception of a few dollars that is still in the treasury, was used to further miscellaneous causes within the church.

The class, which is composed of about 100 active members, has divided into "work" groups of ten, each group to meet once a week. Names of families in Jacksonville needing assistance will be secured from the Social Ser-

vice League, and each group will be responsible for the welfare of one family, providing them with clothing, food, or fuel, as the circumstances demand.

A goal of \$500 has been set by the class as the amount for this year's earnings.

Grace S. S. Class in Social Meeting
The high school class of Grace Sunday school, taught by B. F. Lane, held a social meeting Monday evening at the home of Miss Helen Wells on South Main street. A business session was held, after which those present enjoyed games and light refreshments. It was decided that the class would hold such a meeting each month at the home of one of its members. There are about 60 high school students in the class.

H. Y. Met
The regular meeting of the local H. Y. club was held last night at Grace church. The ladies of the church served a fine supper, for which they were given due applause by the members. Theodore Wetzel discussed the plan for an Older Boys' Conference in Morgan county similar to the one held in the state. The matter was placed before the club and it was decided that such a conference should be held. Sheldon Nichol, chairman of the social committee, made a report.

Rev. Marbach addresses the boys on the subject of "Jesus Christ," after which the meeting was adjourned.

Social Club to Meet
The Wednesday Social club will meet at 2:30 o'clock this afternoon at the home of Mrs. George Fuhr, 229 East College avenue.

Entertains Choir
Mrs. Colard entertained members of the choir of Central Christian church and other guests at her home last evening. Novel games and amusements were enjoyed and late in the evening delicious refreshments were served by the hostess.

DISTRICT NURSES HOLD MEETING

The annual meeting of District No. 13, of the Illinois State Association of Nurses, was held yesterday at the Governor Joseph Duncan Memorial Home at No. 4 Duncan Place. This district is composed of Menzies, Macou, Platt, Shelby, Sangamon, Menard, Cass, Morgan, Scott, Mason and Christian counties.

The business session which was held at 1:30 o'clock was followed by an address by Miss Mary Kennedy, secretary of the State Association of Graduate Nurses. Miss Kennedy is also director of the Institute for Nurses, under auspices of the Illinois League of Nursing Education of Chicago, and is superintendent of the Illinois State school of Psychiatric Nursing of the Chicago State hospital.

Miss Kennedy spoke on "Psychiatric Nursing," giving a short discussion on the development of the care and treatment of the insane. The highest type of nursing care in state hospitals is the aim of the State Department of Public Welfare in directing a school of Psychiatric Nursing.

The speaker stated that properly qualified nurses were hard to find owing to the fact that the public and nurses do not understand the true situation of the insane person. She stated that no field of nursing offers opportunities that the field of psychiatric nursing, and that the training of the nurse is incomplete without psychiatric training.

An institute for nurses in Chicago this summer is being planned by the Illinois League of Nursing and nurses are urged to take an active interest in the matter and to send suggestions to the director of institute, 6400 Park Blvd., Chicago.

WHITE HALL THEATRE CO. NAMES OFFICERS

Carl Lowenstein is President of Company Which Operates Theatre in White Hall—Other Greene County News.

White Hall, Jan. 8.—The new officers for the White Hall Theatre Co., are as follows: President, Carl Lowenstein; Vice-president, C. A. Ruckel; Secretary and manager, Joseph Lyman; treasurer, C. J. Wells. Speaking of the matter the new president states that we were 2 years behind time in recently placing Mr. Ruckel in the presidency, as his father, Louis Lowenstein, held the presidency for the past two years. Mr. Ruckel being previously president. The company operates the finest show house in this section of the state, and the character of its programs draws patronage from a wide scope of country.

Floyd Wayne Martin, little grandson of Mr. and Mrs. Frank Knov, well known residents of the Sandridge neighborhood, west of Glasgow, Scott county, was rushed to Passavant hospital at Jacksonville Monday evening, suffering with intestinal trouble. He was in charge of Dr. H. W. Garrison. An operation was performed, but the child died at 5 o'clock this morning. Funeral services will be held at the Knox home at 11 o'clock Wednesday.

Emerging from the most severe cold blast in five years, the local weather clerk takes account of the effect of 16 degrees below zero on wheat unprotected by snow, and the reports from all directions are encouraging, there being no report showing that there has been any permanent damage. Ice formed to a thickness of six inches, and skating has been in progress during the entire week covered by the report up to Monday, two inches of ice forming with the zero weather of the 1st. Road conditions are fair, there being roughness where not put in proper shape for the winter.

The farm residence of William Farmer, located two miles north-east of Patterson, was found to be on fire shortly after 9 o'clock Saturday night, and was totally destroyed, together with contents, except a few clothes and bedding. It was a four-room frame structure. The roof was falling in when discovered, leading to the belief that the blaze originated from the floor. The loss is placed at \$2,000, with \$1,000 insurance on the house.

WILL CONDUCT O. E. S. SCHOOL OF INSTRUCTION

On Thursday, Jan. 10th, beginning at 10 A. M. Mrs. Ida M. Stacey, associate Grand Conductress of the Order of Eastern Star of Illinois, will conduct a school at the Masonic Temple, to which all members of the order are cordially invited.

SOCIAL SERVICE WORK IS REVIEWED

Directors of League Held Meeting Tuesday Night — Satisfactory Reports Made.

The monthly meeting of the Social Service League directors was held last evening in the rooms of the league at 7:30 o'clock, with the Rev. G. E. Stickney in the chair. Others present were Miss Eva Veirs, the superintendent, Miss Gladys Cochran, the secretary; L. O. Vaught, Dr. Frank Norbury, Mrs. Havenhill, Miss Margaret Moore, Rev. G. W. Randle and Mrs. Lloyd Brown.

The minutes of the preceding meeting were read by the secretary. The report of the superintendent showed that 7 new families have received relief during the month of December. Emergency calls were sent in for fuel during the cold wave, and ample provision was made for all needy cases. Many expressions of appreciation were received at the office, for the Christmas baskets and gifts supplied during the holidays.

The superintendent suggested that another year, a clearing committee representing all the relief organizations would prevent much duplication and in many ways facilitate the question of relief.

The report of the Treasurer, A. C. Rice, was read, showing a balance on hand at the beginning of the month, of \$1002.46. Receipts during the month of \$672.16, less disbursements of \$344.66, leaving a balance on hand of \$1,329.96.

The chairman stated that pledges are still outstanding to the amount of \$2,375 and that there is a prospect of advancing the total to \$2500.

It was announced by Miss Veirs that the stenographer in the office, Miss Statham, had gone home for a rest, and that a substitute will be employed in the office for about six weeks.

Miss Veirs was empowered to sign the usual transportation agreement by virtue of which, undesirable dependents cannot be shifted from one city to another, and each community agrees to care for its own.

All the reports showed that the work of the league is in excellent condition and everything running smoothly.

PRISONER ESCAPED ENROUTE TO WEST

Troy Dennis, Taken From Here by Colorado Sheriff, Leaped From Train—Chief Kiloran Returns From Trial

Chief of Police Frank Kiloran has returned home from Brighton, Col., where he testified for the state in the trial of Troy Dennis, alleged auto thief. Dennis is a former resident of this county and was arrested by local police sometime ago when he appeared here with a suspicious car. The machine was found to have been stolen from a citizen of Brighton, Col.

When Chief Kiloran left Brighton Saturday evening the jury had been out four hours on the case. Sheriff L. H. Miller of Brighton will notify local officers of the outcome of the trial.

When Sheriff Miller was taking Dennis back to Brighton from this city, the latter asked permission to go into the smoking room of the train, as it neared Wilson, Kan. Instead of going where he was supposed to go, the prisoner went to the platform and climbed on top of the train. When it stopped at Wilson, passengers saw him leap to the ground and disappear into an alley. After a fruitless search for his prisoner, Sheriff Miller went home. A day later he received word that Dennis had been arrested at Russell, Kan. The Colorado officer fetched the man to Brighton by auto.

Dennis was well pleased in the trial and strong pleas were made for his liberty. It was alleged that confession of the theft which officers had received from Dennis were made under duress.

BANK STOCKHOLDERS MET AT DINNER

Farrell State Bank Held Annual Meeting at Evening Hour—E. E. Nicholson State Bank Examiner Made Informing Address.

Varying the custom of former years, stockholders of the Farrell State bank transacted the business of their annual meeting at a dinner given Tuesday evening at 6:30 o'clock at the Peacock Inn. Officers, directors and stockholders of the bank, with their wives and other members of their families, made up the group which surrounded the tables in the blue room at the Inn.

After an excellent dinner had been served E. E. Crabtree was chosen as chairman of the stockholders' meeting and M. W. Osborne, secretary. The formal business was transacted in a brief way and the directors re-elected were E. E. Crabtree, F. E. Farrell, M. W. Osborne, F. J. Blackburn, T. A. Chapin and J. S. Hackett.

Mr. Crabtree then reviewed very briefly the history of the bank since its organization and gave the facts of the excellent showing made. The annual statement was then read by M. W. Osborne, cashier of the bank.

Mr. Crabtree expressed his pleasure in introducing E. E. Nicholson, of Beardstown, assistant chief bank examiner of the state of Illinois. Mr. Crabtree said that Mr. Nicholson had examined the Farrell State bank more frequently than had been true of any other official and that the bank people had reason to appreciate his forceful and effective methods.

Banking is Old Business.

Mr. Nicholson made reference to Bible history to show that banking, interest and investment were known centuries ago, and then briefly traced finance down to the organization of the Bank of England in the 16th century.

He said that the first central bank of the United States was organized in Philadelphia in 1792 and that it was in 1864 that the national bank act was passed and the banking institutions of the country placed under the control of the currency.

There were few important changes in the National banking system, Mr. Nicholson said, after that time until 1914 when the federal reserve system was adopted.

In Illinois the state bank act became a law in 1887. The figures were given to show the very large increase in the number of banks under state supervision within recent years, and Mr. Nicholson said that the banking department of the state auditor's office now has 1410 banks under its supervision, of this number 171 being in Chicago. As there are but \$122 banks in the nation, it will be seen that Illinois has about one-sixth of the whole number and more banks than any other state in the union.

Explained Bank Examination

In a very interesting way Mr. Nicholson then went on to show what the work of the bank examination is and what it means to the bank and to the public. He showed about the amount of work required in examining a small bank and in the Continental & Commercial Trust bank of Chicago, where an examination means a force of thirty-five men and a three weeks period of work.

The difference between an examination and an audit was made clear and the speaker then emphasized the duties of stockholders and directors, and how both can be helpful in building up a banking institution.

In closing Mr. Nicholson said it was not the custom of examiners to compliment bank officers, but that in succeeding years he had found reason to quite heartily approve the methods of the Farrell State bank officers and directors.

At the conclusion of Mr. Nicholson's address, the directors of the bank met and the following officers were re-elected.

President—E. E. Crabtree.

Vice Presidents—F. E. Farrell, T. A. Chapin.

Cashier—M. W. Osborne.

Asst. Cashier—Beas Hadden.

POULTRY RAISERS
WILL MEET TODAY

A meeting of those interested in poultry will be held in the Farm Bureau rooms this morning at 9 o'clock. G. W. McIlroy, poultry expert of the College of Agriculture of the University of Illinois will be present and different angles of poultry raising will be taken up. The meeting is especially planned for the members of the Farm Bureau and members of the Morgan County Poultry Association.

Several poultry raisers of the county have been doing poultry book keeping and they will be visited by Mr. McIlroy and Farm Adviser G. B. Kendall, this afternoon and tomorrow relative to their success.

ELLIOTT STATE BANK ELECTION HELD

Stockholders Chose Directors at Tuesday Meeting — Chester Hemphill and F. R. Rantz Added to Group of Officers.

At the annual meeting of the stockholders of the Elliott State Bank, held at their office Tuesday afternoon, the following seven directors were elected to succeed themselves for the coming year, viz—Frank Elliott, John A. Bellatti, Charles A. Johnson, J. Weir Elliott, Howard L. Doan, Frank R. Elliott and William S. Elliott.

At the meeting of the Directors which immediately followed that of the stockholders, all of the old officers of the bank were re-elected to succeed themselves, for the coming year and Chester A. Hemphill and Francis R. Rantz were each elected an Assistant-Cashier. The officers elected for the coming year are:

Frank, Elliott, President.

Charles A. Johnson, Vice-president.

J. Weir Elliott, Cashier.

J. Allerton Palmer, Assistant Cashier.

L. F. Jordan, Assistant Cashier.

Chester A. Hemphill, Assistant Cashier.

Francis R. Rantz, Assistant Cashier.

At the stockholders' meeting, the president Frank Elliott, reported a very satisfactory year and said he was in hopes that the bank would move to its new building sometime during the month of March.

CHICAGO EDUCATOR TO ADDRESS CLUB

William J. Bogan of Chicago will address the Jacksonville Woman's Club next Saturday, January 12 at the Odd Fellows Hall on East State street in this city. Mr. Bogan is at present the president of the Lane Technical High School and will in all probability be appointed superintendent of the Chicago schools today, according to the Chicago Tribune.

Mr. Bogan is a very forceful speaker and the members of the Woman's club consider themselves very fortunate in having secured him as he is in great demand by organizations of larger cities having an engagement to speak before the Chicago Woman's Club this week and Mr. Bogan has an almost national reputation as one of the first to institute vocational training in the schools.

Mr. Bogan's subject will be, "Tendencies in Education."

PACKING PLANT NOT SERIOUSLY DAMAGED

Employees Aid Firemen in Extinguishing Flames—Fred Brown Has Arm Fractured—Loss \$2,000

Fire of unknown origin partially destroyed the smoking room at the Powers-Beggs plant in this city at 8:15 o'clock yesterday morning. The fire had reached the roof of the one story structure and had gained considerable headway before it was discovered. The loss is estimated at \$2,000. A quantity of meat which was in the smoking room was destroyed.

The fire truck, under direction of Assistant Fire Chief John Taylor, responded to the call. Lines of hose were laid to hydrants on Center and East State streets, and two streams were thrown on the burning building. The second truck was ordered out when the assistant chief thought a third stream of water would be necessary.

Employees of the packing company gave the firemen valuable assistance. Fred Brown of East State street, an employee of the firm, had his left wrist fractured when he was struck by a falling beam while on a ladder. Quick work on the part of the firemen and factory hands brought the fire under control, so that when the second truck arrived, it was not needed.

Fire Chief Sam Hunt is attending the State Firemen's association convention and left the department under the direction of Assistant Chief Taylor.

FORMER "Y" SECRETARY HAS \$150,000 CHURCH

Rev. W. E. Edmonds Dedicates New Church at Glendale, Cal.—Rev. George Snively Delivers Sermon

Rev. Walter E. Edmonds, former Y. M. C. A. secretary in this city, who is now pastor of the Glendale Presbyterian church near Los Angeles, Cal., on Dec. 30 dedicated a new \$150,000 church building. Rev. Edmonds has been pastor of the Glendale church since 1911, during which time the membership has grown from 197 to 1,300. The new church building is thoroughly modern, spacious and equipped for every form of social and religious service to the community.

The dedication service took place at 10:30 o'clock on Sunday morning, Dec. 30, and was attended by a number of former residents of this city. Rev. George L. Snively, former pastor of the Central Christian church here, delivered the dedication sermon, and had charge of the raising of funds to pay for the new building.

Following the morning service the congregation raised \$133,000 toward the building. Some of the money had already been provided, and at the evening services the dedication ceremonies were completed, with the new building clear of debt. Rev. Snively's theme for the dedication sermon was "The Significance of Christianity in the American Institutions of School and State, Home and Church." Following the morning service, lunch was served in the new dining rooms. The afternoon session was devoted to a memorial service.

Deposits made in our Savings Department during the first ten days of January will bear interest from the first of the month.

LAST TOWNSHIP SETTLEMENTS

(BY ENSLEY MOORE)
Member Illinois Historical Society

Reproductions of compilations of Morgan county township settlements appeared in this column June 6, November 28, and December 19, 1923. This is the last of that series.

Township 16 N., Range 10 W. Charles Baggs was the first settler in 1824. (One hundred years ago.) About 1826, David G. Henderson, Andrew V. Patton, Allen Q. Lindsay and Jeremiah Henderson located in the county. The first marriage was William Clark to Mrs. Eliza Metcalf, formerly Miss Bristow, and daughter of the well known Squire Bristow. The ceremony was performed by Squire D. G. Henderson, on the fourth of August, 1836, being on Sunday and before breakfast. The first birth was a son of Squire Bristow. The first death was Johanna Bristow, daughter of Squire Bristow, in 1827. The first preaching was by the Methodists, Rev. James Sims, pastor, in 1829. They built a church a short time after. The second sermon was preached by Samuel Bristow, Baptist, the following year. The first school house was erected on Section 9, on A. V. Patton's. The first school trustees were Charles Baggs, Eli W. Redding and William Harrison. The first teacher was William Manlove; second, Alfred Elder. The first justice of the peace was Thomas Bristow, about 1828. D. G. Henderson was the first constable and traveled over Scott, Cass and Morgan counties (as they became later.) D. G. Henderson was first township treasurer and held the position over 28 years. Squire Henderson was the second justice of the peace, and retained the office for 16 years. The surface of the township is covered principally with timber. The prairies are fertile, and are well watered by numerous creeks.

Township 16 N., Range 11 W. This township was first settled by Benj. Couchman, the Carters, Rev. James Sims, Steven Henderson, David Henderson and Bennett Smart. The first permanent settlement was made by Steven Henderson on the thirtieth day of September, 1825. A short time before Mr. Henderson's arrival, John Carter built a cabin on Section 14, but he remained in the township only a short time.

Township 16 N., Range 13 W. The first settlement was made by Peter Stewart, who built the first house on Section 21; among other early settlers were Philip Ayresworth, Jonathan Cobb, Isiah Stiles, Washington Weeks, James E. Waldo, Thomas Pickett and Jacob Newman. The first school in this township was taught by Thomas Pickett, a brother-in-law of ex-Governor Cook of Kentucky. Rev. John Brich preached the first sermon in the cabin of Jonathan Cobb; the first stores were James E. Waldo's and Isiah Stiles; the first hotel was kept by Dr. Smith. The first justice, Dan Waldo; first constable, J. Dex. A little over one half of a full township of this is in Morgan. Mercedia is a thriving commercial place, with an intelligent class of business men.

POET AND AUTHOR TO APPEAR HERE JAN. 16

Edwin Markham to Give Lecture at Woman's College Next Wednesday—Is Famous as Author of "The Man With the Hoe"

Edwin Markham, American poet and author of the celebrated poem "The Man With the Hoe," is scheduled to appear in Music Hall at the Illinois Woman's college, Wednesday evening, Jan. 16. Mr. Markham, a lecturer, reader and writer of international recognition, has toured this country and addressed many literary gatherings. His career is typically American. He was born in Oregon in 1852; he has shepherded in California, studied law, taught school, and is a graduate of two western universities. In appearance he resembles the great Walt Whitman.

Twenty-four years ago he wrote "The Man With the Hoe" which has brought him fame; the inspiration for the writing of that poem Mr. Markham attributes to a study of Millet's painting, characterized by Markham as "The Brutalized Man." Other poems written by him include "The Shoes of Happiness," "The Destiny of Jesus," "Lincoln, the Man of

the People," and "California, the Wonderful," which is a remarkable prose volume on the Far West.

Markham has the orator's presence and a clear, ringing, far-carrying voice, that is easily heard. Moreover, he is so large-hearted, so genuine, so brotherly that he makes a lasting impression in his lecture readings. His unusual personality magnetizes all his listeners, and his readings are interposed with a flow of wit and philosophy.

STUDENTS PUBLISH SCHOOL DIRECTORY

Copies of a directory of the public schools of the city were exhibited at the meeting of the Board of Education Monday night. The booklets were prepared and printed by George Dodsworth and Charles Nunes, students of printing in the high school. They took up the work as one of their projects in the printing class.

The pamphlet gives reliable information concerning practically every detail of the city school system. Beginning with a list of the members of the Board of Education, it lists the supervisors, principals, teachers and custodians of the various schools; also a complete school calendar for the year 1923-24. A complete list of school textbooks, from high school to first grade, is given as

A DELIGHTFUL ROW

"My wife had suffered from stomach and liver trouble for many years and had taken medicine enough to sink a ship; so when I brought home a bottle of May's Wonderful Remedy, on the advice of my employer, she refused to take it. Her liver trouble hadn't helped her disposition any. We had a big row, but she took it the next week. Her ailments have all disappeared."

It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists. (adv.)

WINNING PLAN, NO. 1469

Selected by Jury of American Peace Award

Created by Edward W. Bok and offering \$100,000 for the best practicable Plan by which the United States may co-operate with other nations, looking toward the prevention of war.

Ballot to be Voted On by Journal Readers

THE PLAN IN BRIEF

Proposes
I. That the United States shall immediately enter the Permanent Court of International Justice, under the conditions stated by Secretary Hughes and President Harding in February, 1923.

II. That without becoming a member of the League of Nations as at present constituted, the United States shall offer to extend its present co-operation with the league and participate in the work of the league as a body of mutual counsel under conditions which

1. Substitute moral force and public opinion for the military and economic force originally implied in Article X and XVI.
2. Safeguard the Monroe Doctrine.
3. Accept the fact that the United States will assume no obligations under the Treaty of Versailles except by Act of Congress.

4. Propose that membership in the League should be opened to all nations.
5. Provide for the continuing development of international law.

IDEAL Hog Waterer COW BOY

Saves 25% on Feed For Hogs

Takes the chill off the water the hogs drink. Enables them to put on the same flesh with one-fourth less feed. Cold water chills their stomachs, stops digestion, lowers body temperature. Hogs on cold water have to turn more corn into fuel to keep them warm, make slower growth and yield smaller profits. An Ideal Waterer will save this extra feed and save you time and labor chopping ice. Most modern and efficient waterer for every day service ever made.

See This Waterer NOW!

It's made right. Supplies clean water with the chill off when the temperature is 40 below. Made of heavy galvanized steel in sizes to suit all needs. Special lamp heater furnished.

● Hogs and corn are real money this year. An Ideal Waterer will make you heavier hogs on less feed. Call and see them next time you're in town.

SHURTLEFF COLLEGE COMES SATURDAY

Illinois Will Play Second Game of Season—Partner for Rubendall at Forward Bothers Coach Harmon

The second game of the Illinois college basketball season will be played on Saturday night when the Shurtleff college team comes to the local floor. The Illinois college boys did not practice during the holiday vacation except when they were able to secure with their home high school teams or with independent teams. As a result, when college reopened last Thursday the players returned to the basketball court with renewed energy and interest.

When practice was started right

after Thanksgiving Day 38 candidates appeared to try for places. Shortly after practice started this number was reduced to 23 in order to bring the squad within reasonable limits. Today an additional cut will be made leaving 19 men still on the squad and a little later the number will probably be still further reduced in order to permit of intensive work with the men who are retained.

Hoskins and Jack Roberts still perform regularly at guards but right at their heels are two or three other pairs of guards who are making the race interesting for the first named pair.

Capt. Dale continues at the center position and seems to fit better there than he did last year as a forward.

The forward positions are the ones furnishing a real problem. Rubendall, the Freeport High school player, who performed so sensationally when he caged nine field goals and two free throws in the Lincoln college game, played just before college dismissed for the holidays, continues to set a fast pace as his plays seem to indicate that his performance in the first game is not to be a flash in the pan.

Considerable time has been spent in trying to find a teammate who can work with Rubendall at the other forward. So far none of those who have been given a chance have demonstrated that they stand out prominently above the others.

On Saturday night the first of a series of interclass games will be played as a curtain raiser beginning at 8 o'clock. The big game with Shurtleff will start at 8:30.

Mrs. Charles West from east of the city, was among the Jacksonville visitors Monday.

Billy Evans SAYS

Is the baseball of today faster than the standard of play 20 or 30 years back? That is a question often asked me. While I cannot authoritatively go back 30 years and draw a comparison, I can answer the first part of the query, since last season was my eighteenth year as an American League umpire.

To be truthful in my deductions I am forced to declare it a draw. My answer would be yes and no.

In a great many respects the game has improved, while in others it has retrograded considerably in my opinion. The standard of baseball, like stocks, rises and falls under certain conditions. Just off-hand it strikes me that the best ball I have seen in the majors covered a period extending from 1909 to say 1913. The majors boasted some great teams over that span of years. Pitching dominated the play and most games were low-score affairs, battles between the twirlers. Nearly every club had four first-string pitchers, with little to choose between them. A margin of a couple of runs made a star pitcher feel reasonably certain that he would score a victory.

Play for a run was the system that most clubs adopted, since the deciding margin in a great many games was a single marker.

It has always seemed to me that playing for a run brought out more real baseball than trying to get them in clusters. The latter system calls for a slambang style in which ability to hit them safe is the sole object. Trying to get a run calls for the hit-and-run. The element of take a chance, in an effort to get out in front, called for brainy baseball. In those days base running was one of the big features of the national pastime. Today is almost a matter of baseball history.

Trying to steal a base in the modern game is almost foolhardy, since a run means little or nothing. Nowadays a team does not feel safe with a four-run margin.

Babe Ruth, the lively ball, and the system of getting runs in clusters has changed the style of play considerably. The play of today is entirely different from the policy of 20 years ago. Perhaps the standard is just as high, but in justice to the stars of those days, and they were real stars, I would hardly say it was better.

DOKAYS OUTCLASS MANCHESTER AGGIES

Take Game by Lopsided Score of 48 to 8—Visitors Had no Chance From Start.

The Manchester Aggies did not have a look-in with our fast-stepping Dokays quintet in their basket ball game on David Prince floor Tuesday night, the locals going as they pleased and winning by the lopsided score of 48 to 8.

The Tigers started right off with the intention of having "No Foolin'" running up a score of 16 to 2 in the first quarter. When the teams topped for their mid-game rest the indicator showed that the Lodgemen had run up a string of 27 leaving their visitors the small sum of 3 points for their efforts. The third spasm ended with a count of 36 to 4 and in the final period the visitors cared 4 more points while the Dokays were boosting their counters up to the total of 48.

Practically all of the locals got their names in the scoring column, Putnam having the fun of his life putting over a total of 16 points, while Hunter was well enough satisfied that he had added 11 counters for the sake of his team.

Pirpo says he was in bad shape for the Dempsey fight. . . . What he means is, that he was in bad shape after the Dempsey fight.

An education in the school of hard knocks may be all right, but it doesn't seem to get the avian anywhere.

Evidence is at hand showing that Babe Ruth was the best all-round player in the big leagues last season. . . . His girth measured 48 inches.

Jim Corbett asserts footwork is the prime essential in boxing. . . . But of course a bicycle will answer the same purpose.

WE EXPECT TO HEAR ANY MINUTE NOW THAT THE REPORT THAT ONE OF THE SMITH BROTHERS GOT A SHAVE IS A BARE FACE LIE.

A Cincinnati fireman has signed with the White Sox, but we refuse to say he ought to set the league on fire.

A young expert rises to remark that John L. Sullivan was a ham. . . . It may yet develop that Napoleon was merely a towel swinger.

The British will never be good ball players because they can't throw, says McGraw. . . . But he neglects to state whether he meant the ball or the bull.

Another reason why baseball is impossible in England is that none of her judges ever fined the Standard Oil Co., \$29,000,000.

ON NEW YEAR'S DAY CONNIE MACK MADE THE PREDICTION THAT THE ATHLETICS WOULD FINISH IN SECOND PLACE THIS YEAR. . . . MAYBE HE WAS UP LATE THE NIGHT BEFORE, TOO.

Georges Carpentier has bought a racing automobile. . . . Someone must have told him Siki's coming home.

We are told that mah jongg is just a passing fad. . . . Does that mean it is something like craps?

FRANKLIN DEFEATS MURRAYVILLE HIGH

Murrayville High went down to defeat before Franklin High on the Franklin High Tuesday night by a score of 32 to 9. The locals did not get in their good work until the second half, the first quarter ending 4 to 3 Franklin and the half being equally close, 8 to 7.

As a curtain raiser the Murrayville girls played the Franklin girls and the locals were defeated 5 to 4 in a very close game.

The score of the main tilt follows:

PURDUE NOSED OUT OHIO STATE

Lafayette, Ind., Jan. 8.—Purdue nosed out Ohio State here in a whirlwind finish of a Western Conference basketball game, 24 to 23. Rallying desperately after trailing 24 to 16, the Buckeyes lost a chance to tie the score when Cunningham, Ohio center, missed a free throw just as the game ended.

TIPPLE REPORTED TO HAVE JUMPED MILLERS

Minneapolis, Jan. 8.—Dan Tiptple, speed ball hurler of the Minneapolis club in the American association is reported to have jumped the Millers and will play with an outlaw organization next summer.

Advices today from Beloit, Wis., were that Tiptple has returned a signed contract to the Beloit team or the Mid-West league.

ILLINOIS COURSE FOR COACHES IS GROWING

URBANA, Ill.—With 267 students from 25 states enrolled in the four year course in athletic coaching at the University of Illinois, it has broken all records in point of attendance. Twenty instructors are required to teach the athletic subjects alone. When the course was established in 1919 there were 62 students and eight instructors.

The profession of athletic coaching appeals more and more to the youth of America which is turning to Illinois for training.

Illinois was the first university to offer technical instruction in this field.

The varsity coaches teach their specialties: Zuppke, football; Lundgren, baseball; Gill, track; and Ruby, basketball. Classes in swimming, boxing, wrestling, fencing, calisthenics, apparatus, and many other subjects are taught. But athletics comprise only about one-fourth of the work—the rest consists of cultural subjects.

At the 1923 commencement the pioneer class of 33 men was graduated; every one of whom obtained a position thru the Illinois coaches' bureau.

Practically all of the young coaches got away to a flying start. Fairmont college of Wichita, Kan., presented a gold watch to Sam Hill when the Fairmont team conquered its big rival, Friends university. "Ev" Royal had a winner at Fon Du Lac, Wis. The Mesa, Arizona, team had a successful season under Elmer Weber.

Danfield High of Duluth, Minn., Sabetha, Kan., Stivers High of Dayton, Ohio, East and West High of Aurora, Ill., and Victory High of Adamston, W. Va., had crack teams tutored by graduates of the course.

Due to the fact that the number of inquiries from prospective students has more than doubled, a greatly increased enrollment for the fall of 1924 is expected.

TWO TOLEDO PLAYERS TRADED TO DES MOINES

Toledo, Jan. 8.—Shortstop Charles Pechous and Outfielder Joe Shannon of the Toledo American association ball club were traded today to the Des Moines club of the Western League for Catcher Bernard Hunkling, who was with the Brooklyn club last year, according to announcement made today by Roger Bresnahan, president of the local club. Hunkling was sold by Brooklyn to Des Moines.

WILL PICK AMERICAN ENTRANTS FOR PEACE

SAN ANTONIO, Texas, Jan. 8.—The national balloon race at which the three American entrants for the international balloon race to be held later in the year at Brussels, Belgium, will be chosen, will take place during the week of April 21 in San Antonio in connection with the city's annual Fiesta da San Jacinto. This was announced Tuesday afternoon by Russell Shaw of Washington, special representative of F. B. Patterson, president of the National Aeronautical association.

KNIGHTS TO MEET SPRINGFIELD TONIGHT

The Knights of Columbus will meet as their foe on Liberty Floor tonight the fast stepping team of West End Merchants from Springfield. This team has played a number of games this season with a number of victories to their credit among them being the Petersburg game where they lost to Petersburg, at Petersburg by a few points.

The Knights, although being handicapped by the loss of Murgatroyd who is still confined on account of illness, have been practicing and intend to add another victory to their list. The Knights lineup will be composed of Zell, Cooney, Blesse, Norris, Pulaski and Mallen.

THE WORLD'S GREATEST NEWSPAPER

Here for the Oil that Fights Carbon Mischief

DRIVE in here for your next oil supply—the oil of that wonderful double duty that you have been hearing about.

It is here in exactly the right charted weight for your motor—ready with its two-fold value of better lubricating service in your crankcase, plus prevention of carbon evils at their source.

Wadham's Tempered Motor Oil

burns to a minimum of carbon—non-hardening—so light and flaky that it tends to blow out with the exhaust, without residue of clinkery grit.

This wonderful feature of self-carbon-cleaning is alone enough to determine you to use Tempered even if it were no better lubricant than other good oils.

But it is better. The Tempered process is the exclusive Wadham's

method that gives this oil extra staying power—toughens it against wearing away under heat, friction and dilution by motor fuel. It lasts longer and oils better than untempered oils—costs no more to buy and far less to use.

When will YOU be here?

"Concrete Around the Home"

Everyone who wants to improve his place or save money around his farm, needs the new Portland Cement Association booklet "Concrete Around the Home."

It tells in everyday language the easiest, simplest and most economical way to use Concrete for making drives, walks, septic tanks, garages and other permanent improvements. Easily followed instructions give you all the details necessary for estimating materials, mixing, placing and finishing the Concrete.

"Concrete Around the Home" is only one of our many booklets available without charge to those interested in using Concrete.

If you are planning any of the money-saving concrete improvements seen everywhere nowadays, such as a permanent floor, basement, or foundation for your buildings, a manure pit, feeding floor, corncrib or silo, we have a booklet on the subject with complete instructions for building it of Concrete.

Remember this service is free. The Portland Cement Association has 28 offices, listed below, and one of them is your office—the one nearest you.

Find which one it is, and write today about the concrete improvements you are planning.

There are people in that office whose business it is to help you save money by making it easy for you to use concrete. Let them show you how they can help you.

opening of today's stock market,
a number of issues moving up 1
to 4 points, and then fell back
on a large volume of profit-taking
which embraced virtually all sec-
tions of the list. Sporadic at-
tempts were made to rally the
general list but they made little
headway except in the low priced
rail shares and a few high grade
specialties.

Early buying was reported to
have based on encouraging re-
ports from Washington concern-
ing the tax reduction bill and the
optimistic views on the banking
and trade outlook expressed by
bank executives at the annual
meetings of stockholders now be-
ing held throughout the country.

Strength of the Erie issues was
the outstanding feature of the
session the common and both
classes of the preferred selling at
their best prices since 1918. The
common touched 25 1/2 the first
preferred 33 1/2 and the second pre-
ferred 29 1/2 all at net gains of 3
to 4 points on the day.

Southern Railway climbed to
43 1/2 the highest price since 1907.
Marked strength was shown by
some of the other low priced is-
sues.

Pan-American issues were
freely sold on reports that the
rebels had taken possession of
some of the company's Mexican
oil properties.

Call money opened at 4 1/2, eased
to 4 1/4 and thence to 4 1/2. The
time money market continued
easy with more funds available at
4 1/2 per cent.

Commercial paper rates were
also easier, exceptional names be-
ing quoted as low as 4 1/2 per cent.
United States government
bonds moved within narrow and
irregular limits.

REOPEN CIVIL SERVICE EXAMS FOR VETS

Civil Service Commission Announces Change in Regulations Allowing Ex-Servicemen to Enter Any Examination for Which There is Existing Register.

Washington, D. C., Jan. 8.—The Civil Service Commission announced today a change in favor of ex-service men in the regulations governing the re-opening to the veterans of examinations which have been held and closed. The new regulations follow:

Until further notice, American citizens who served as soldiers, sailors, or marines in any of the allied military forces between August 1, 1914, and July 2, 1921, and those who so served in the American forces between April 6, 1817, and July 2, 1921, will be allowed to enter any examination for which there is an existing register, provided application is made during military service or not later than one year after their honorable discharge from the Army, or termination of their active service in the Navy or Marine Corps. The names of all such persons who pass the examination will be entered upon the eligible register.

PUBLIC SALE

ister, but preference in appointment will be given to those only who submit evidence that they have been honorably discharged.

A soldier, sailor, or marine who served between August 1, 1914, and July 2, 1921, and who by reason of confinement in a Government hospital under treatment has been prevented from taking an examination for which there is an existing register may be admitted to such examination, provided he makes application within one year after discharge from the hospital.

If the preliminary requirements of the examination are met, disabled ex-service men who have undergone training by the U. S. Veterans' Bureau will be allowed to enter an examination for which they have been trained by the Bureau, and for which there is an existing register, provided the application is accompanied by a certificate from the Bureau showing that training will be completed within 90 days after the filing of the application, or the application, accompanied by a certificate from the Bureau showing completion of training, is filed within one year after the completion of training.

PLAN ESSAY CONTEST FOR COUNTY SCHOOLS

Mound Club and Chamber of Commerce Announce Competition for All Students of City and County — To Stimulate Interest in Old Morgan.

Plans for an essay contest, using the general theme of "What Morgan County has contributed to the World," were inaugurated yesterday afternoon at a meeting of a committee of the Mound Woman's country club with Secretary Welch of the Chamber of Commerce. The contest is to be conducted in the schools and colleges of the county under the combined auspices of the two organizations. The contest will open immediately and all manuscripts must be in the hands of the secretary of the Chamber of Commerce by 9 o'clock on the evening of March 31.

Any student in Morgan county beginning with those of the fifth and sixth grades and including college students, is eligible to write in this contest. In order to provide a fair basis of competition and insure a fair distribution of prizes, the students of the county have been divided into groups and the subjects assigned accordingly. The bird books recently offered by Fred High if a contest could be started, will be given as third prizes in the grade schools.

The book in question is "Our Dooryard Friends," by Sarah B. Preiser. The following is an outline of subjects and prizes:
Fifth and sixth grades—Prizes \$5, \$3, bird book. Subjects: "Burgoo Soup," or "Unmarked Historic Spots in Morgan Co."
Seventh and eighth grades—Prizes, \$5, \$3 bird book. Subjects: "Interesting People of Morgan County," or "Flora and Fauna of Morgan County."

High School—Prizes, \$5, \$3 and \$2. Subjects—"Natural Resources of Morgan County," or "Commercial Accomplishments of Morgan County," or "Future Possibilities of Morgan County."
College—Prizes, \$5, \$3 and \$2. Subjects—"Morgan County's Part in Education," or "Morgan County's Influence in Politics."

There will also be a sweepstakes prize of \$10 for the best essay submitted. The rules of the contest were discussed by the committee and will be announced after they have been submitted to the Mound Woman's Country club for approval and possible revision.

It is the purpose in this contest to stimulate interest in the country, its resources, history, industries, institutions and future development. The students will be allowed to obtain their information from any reliable and available source, the condition being that such information must be accurate and well vouched for. The number of students competing is expected to be large, and it is hoped that the contest may do much to further the knowledge and interests of the county.

Pupils of the fifth and sixth grade may submit essays of not more than a thousand words in length. Seventh and eighth grade contestants are limited to 1,500 words. High school students may submit essays of not more than 2,500 words and college students are limited to 3,000 words.

GEORGE FERNANDES BREAKS ARM

George Fernandes, who resides north of the city sustained a fracture of his left arm when he fell from a wagon, while engaged in loading a baled hay, and landed on his left elbow. Dr. A. M. King was called to administer to the injured man and found that he had sustained a bad break of both bones of his arm near his elbow. Mr. Fernandes will probably be with out the use of his arm for some time owing to the seriousness of the break.

LIBRARY BOARD IN MEETING YESTERDAY

Regular Session of Library Board Held Tuesday Afternoon—Interesting Facts Given in Reports.

The Library Board held its regular meeting Tuesday afternoon at 4:30 o'clock, at the Public Library Building, where the regular monthly reports were read, with Dr. C. E. Black, president, the presiding officer.

Miss Alice Williams, librarian, read the library report, which included a notation of 128 new borrowers cards issued during the month of December, and summarized briefly, shows the following interesting facts in regard to Jacksonville readers:

With adult, juvenile, and "school" readers, fiction composes 50 per cent of their reading matter, as compared with 75 per cent fiction readers in other communities. Sociology ranks second, including social science material, and certain fiction books that are listed under this heading, as well as the technical books on the subject. With the juvenile readers, picture books held third place, corresponding to magazines that are third on the list of adult readers. Biography and Literature followed as the most popular type of library material. Telephone directories from all the surrounding towns and cities, within a radius of several hundred miles, including that of Chicago, are being added to the library stock. Miss Williams read a list of reference questions the librarians had answered for readers during the month, showing a wide variety of thinkers and interests in the community. Some of the following were among them:

Restriction of Immigrants.
Fuel—Why it is a city problem and its relation to Home Industries.

New Methods of Cooking Meat.
Commission form of Government.

Manufacture of Carbon Black.
Criticisms of Recent Plays.
Nationalized Education.
Dixie Highway.

Moving Picture Industry.
History of the Radio.

Moscow Art Theatre.
Ku Klux Klan.

Famous Actors of the 18th Century.

Poet Laureate of England.
Club and Coffee Houses.

Origins of Christmas.
Christmas Customs of all Countries.

The World Court—This material has been in constant demand since last July.

A list of books that were most popular last month is:

Damaged Souls — Bradford.

Life of Roosevelt — Charnwood.

The Rover — Conrad.

Georgian Stories.

Middle of the Road — Gibbs.

Covered Wagon — Hough.

Lengthened Shadows — Locke.

Best Plays of 1922-23 — Mantle.

Life of Christ — Papini.

The White Flag — Porter.

Book of Etiquette.

Scaramouche — Sabatini.

Captain Blood — Sabatini.

The Cathedral — Walpole.

Able McLaughlin — Witsdon.

Mine With the Iron Door — Wright.

The library is the recipient of 75 books from Mrs. George Mathews.
